Upcoming Dates

June 24 – Open House

Meet the **new Kootenai Health care team**, free health screenings, snacks, games, and more!

June 29 – Grand Opening

Stay tuned for updates and scheduling information.

What's Changing — and Why It Matters to You

We're pleased to share an exciting update about the on-site medical clinic you know and trust. The clinic will soon be operated by **Kootenai Health**, a local not-for-profit health care organization in northern Idaho. This transition reflects Hagadone Corporation's continued investment in your health, making care easier to access, better connected, and more affordable for you and your family. We're excited to partner with the Hagadone Corporation and welcome you to the Kootenai Health Network/Community.

What's changing?

With this new partnership, you and your covered dependents will gain easier access to high-quality primary care and a wide range of specialty services. Your clinic will now be connected to the same health record system used across Kootenai Health clinics and the hospital, helping ensure seamless referrals and better continuity of care. Through our patient portal, MyChart, you can easily stay connected to your care team and access important health information. You can review provider notes, medications, test results, and much more!

In addition to medication dispensed at the clinic, you'll also have a direct link to Kootenai Health's outpatient pharmacies, offering three convenient locations, home delivery options, and financial assistance when needed.

What's staying the same?

The clinic location, phone number, and hours are unchanged. You'll continue to receive the same personal, relationship-based approach to care.

What you can expect:

There will continue to be **no cost** for services received at the clinic. Our goal is simple: faster, simpler, and more affordable care—right where you work.
