June 24 – Open House

Meet the care team, free health screenings, snacks, games, and more!

June 29 – Grand Opening

Stay tuned for updates and scheduling information.

What's in it for you?

The Hagadone clinic is here to make healthcare simpler, faster, and more convenient for you.

Need care quickly? You can schedule same-day appointments, often with little to no wait—much faster than urgent care. And because the clinic is right where you work, there's no need to leave campus or spend extra time driving across town. Walk-ins are also encouraged.

Best of all, there's no cost to you for clinic visits, lab work completed on-site, or medications dispensed at the clinic. That means you can take care of your health without worrying about unexpected bills.

Your visits are also completely confidential. Your personal health information is protected and not shared with your employer, so you can feel comfortable seeking care when you need it.

With access to Kootenai Health's broader network, you'll also benefit from coordinated care, quicker referrals, and easy follow-up through MyChart.

Simply put, this clinic is designed around you—saving you time, lowering costs, and making it easier to stay healthy.
