Meet the care team, free health screenings, snacks, games, and more!

June 29 – Grand Opening

Stay tuned for updates and scheduling information.

How We Can Help

The Hagadone Clinic is here for more than just when you're feeling unwell—it's designed to support your health in everyday, practical ways.

Feeling sick?

Cold, flu, sore throat, or minor infections—we can help you get diagnosed and treated quickly, often with same-day appointments.

Managing ongoing conditions?

If you're living with things like high blood pressure, diabetes, or asthma, the clinic can help you stay on top of your care with regular check-ins and support.

Quick wellness needs?

Stop by for routine screenings, lab work, medication refills, or general health questions—no need to leave work or rearrange your day.

Work-related injuries or concerns?

For minor injuries or issues that come up on the job, the clinic offers convenient care to help you get back on track.

Need guidance or follow-up care?

With access to Kootenai Health's broader network, we can help coordinate referrals and ensure you get the care you need.

Whatever your health need, big or small, the clinic is here to make care simple, convenient, and focused on you.
